

National Collegiate Roller Hockey Association

Collegiate Roller Hockey Championships 2013

PLUS High School National Championships

Bid Information Packet

The National Collegiate Roller Hockey Association (NCRHA), the nationally recognized governing body for collegiate level roller hockey in the United States, is seeking a host city/organization for its 15th annual Collegiate Roller Hockey Championships to be held in April 2013. Over four to five days, 160 games will be played on 2-3 hockey rinks.

The event will bring 60 teams in 4 divisions (Division I, Division II, Junior College Division, and B Division) together to compete for the title of Collegiate National Champion. Teams will represent each of the seven Member Organizations (regions) of the NCRHA. Each Member Organization will receive an automatic bid to place one team in each division. The rest of the field will be selected at-large from around the country by the NCRHA Selection Committee on "Selection Monday" at the beginning of March. The format for the event includes three round robin games for each team, followed by a single elimination bracket round leading up to the National Championship games.

The NCRHA also plans to host a national championship for high school teams at the same time, welcoming as many as 16 teams from across the country to compete during the collegiate games at the same venue(s). This will be done in conjunction with the Amateur Athletic Union, Roller Hockey Alliance, and USA Roller Sports.

During the event the NCRHA will also be hosting the "Mission Hockey College." This event, sponsored by Mission Hockey, features a one hour, no-charge instructional clinic given to local youth hockey players. The instructors for the Mission Hockey College are current collegiate hockey players/ coaches and are regarded as some of the most talented players in the world. The Mission Hockey College gives the youth players the opportunity to interact with the collegiate players in an atmosphere where they can receive tips and pointers and have some fun.

About the NCRHA:

The NCRHA is a non-profit corporation, governed by a seven member Board of Directors comprised of one voting member from each of its Member Organizations. Organized geographically, the Member Organizations coordinate league play during the season for 200 teams from over 150 colleges and universities across the United States. The Collegiate Roller Hockey Championships is the culmination of that season-long competition.

A complete listing of the colleges and universities that compete in the NCRHA is available on the NCRHA website, www.ncrha.org, along with an electronic version of this RFP.

Thank you for your consideration in hosting the Collegiate Roller Hockey Championships.

Mission Statement:

As the national governing body of collegiate roller hockey, the National Collegiate Roller Hockey Association shall promote and advance the sport of hockey while maintaining the spirit of the game through athletic achievement and sportsmanship.

Rob Coggin, Director of League Operations

Brennan Edwards, Executive Director
