Rule 102:

Dimensions of Rink

- (a) As nearly as possible, the dimensions of the rink shall be 180 feet long and 80 feet wide. The minimum size for a rink shall be 145 feet long and 65 feet wide. The maximum size of the playing surface shall be 200 feet long and 100 feet wide. It is recommended that the corners be uniformly rounded in the arc of a circle with a minimum radius of 20 feet and a maximum radius of 28 feet.
- (b) The rink shall be surrounded by a permanent or temporary wall or fence known as the "BOARDS," which shall extend not less than 36 inches and not more than 48 inches in height above playing surface. The ideal height of the boards shall be 42 inches. It is recommended that the kick plate at the bottom of the boards be yellow or light in color.

- (d) Any additional materials used to contain the puck above the height of the boards must be attached to the boards on the side of the boards facing away from the playing surface.
- (e) It is recommended that each rink should include an equipment gate for emergency situations. It is highly recommended that the entire rink, including players' and penalty benches, be enclosed with safety glass, fencing and/or other protective screens designed to separate players from spectators. SECTION 4:

Penalties

Rule 400:

Penalties – General

- (a) Penalties exist to encourage compliance by supporting standards of behavior as determined by the League Authorities. Penalties:
 - (1) Define standards of compliant behavior.
 - (2) Define remedial consequences for non-compliance.
 - (3) Provide sanctions against participants who do not meet the standards.
- (b) Although penalties support and encourage compliance, they also serve to:
 - (1) Support, ensure, and promote the interest of safety.
 - (2) Assure compliant participants that offenders are identified and penalized.
- (c) Under the League Administration of the NCRHA, the Referee In Chief of each Conference is delegated the obligation to advance the fairness and effectiveness of the rules of play. Therefore penalties should:
 - (1) Be severe enough to deter noncompliance and encourage all participants to comply.
 - (2) Be objectively proportionate to the offense.
 - (3) Be used as an opportunity to educate participants and encourage future compliance.
- (d) Penalties shall be actual playing time and shall be divided into the following classes:
 - (1) Minor Penalties
 - (2) Bench Minor Penalties
 - (3) Major Penalties
 - (4) Misconduct Penalties
 - (5) Match Penalties
 - (6) Penalty Shot
- (e) When play is not actually in progress and any player or Team Official commits an offense, the same penalty shall apply as though play were actually in progress.

Rule 401:

Minor Penalties

- (a) For a "MINOR PENALTY," any player, other than a goalkeeper, shall be ruled off the playing surface for two minutes, during which time no substitute shall be permitted.
- (b) For a "BENCH MINOR PENALTY" one player of the penalized team shall be ruled off the playing surface for two minutes, during which time no substitute shall be permitted. Any non-penalized player, other than a goalkeeper, may be designated to serve the penalty by the Coach or Manager and such player shall immediately serve the penalty.
- (c) If the opposing team scores a goal while a team is shorthanded by one or more minor or bench minor penalties, the first of such penalties shall automatically terminate.
 - (1) "Shorthanded" means that the team must be below the numerical strength of its opponents on the playing surface at the time the goal is scored. Thus, if an equal number of players from each team are serving an equal number of minor penalties, neither team is "shorthanded."
 - (2) This rule shall NOT apply when a goal is scored on a penalty shot or an awarded goal.
- (d) When the minor penalties of two players of the same team terminate at the same time, the Captain of that team shall designate to the Referee which player shall return to the playing surface first and the Referee shall instruct the Penalty Timekeeper accordingly.
- (e) When a player receives a major penalty and a minor penalty at the same time, the major penalty shall be served first by the penalized player except if the major penalties are coincident, in which case the minor penalty shall be served first.

Rule 402:

Coincidental Penalties

- (b) Coincidental Penalties must be either a minor coincidental or a major coincidental.
 - (1) In the event that a goalkeeper is charged with a minor coincidental penalty refer to Rule 407(a).
- (c) Coincidental Penalties do not create a loss of manpower to either team.
- (d) When coincident minor penalties are assessed to players of both teams, the penalized players shall take their place on the penalty bench and such players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties. Immediate substitutions shall be made for an equal number of minor penalties or coincident minor penalties of equal duration to each team so penalized and the penalties of the players for whom substitutions have been made shall not be taken into account for the purpose of a delayed penalty.
- (e) When a player receives one or more non-coincidental minor penalties and one or more coincidental minor penalties at the same stoppage, the penalized player must serve all of the penalty time that is not terminated early by a goal. A substitute player must also be placed on the penalty bench with the penalized player. The substitute player shall return to the surface upon the termination of the non-coincidental penalty and the penalized player will remain in the penalty bench to serve the coincidental penalty. A player's coincidental penalties may not start until all non-coincidental penalties to that player have terminated.
- (f) Coincidental Penalties should not be displayed on the timing device but such penalized players should be alerted and released at the first stoppage of play following the expiration of their penalties

- (c) Immediate substitutions on the playing surface shall be made for an equal number of major penalties or coincident penalties of equal duration including a major penalty to each team so penalized and the penalties of the players for which substitutions have been made shall not be taken into account for the purpose of a delayed penalty.
- (d) Where it is required to determine which of the penalized players shall be designated to serve the delayed penalty under Rule 408, the penalized team shall have the right to make such designation not in conflict with Rule 402.
- (e) The penalties that create the disparity in total penalty time shall be served first in the normal manner by the penalized players. Immediate substitutions on the playing surface shall be permitted for the major penalties of each player.
- (f) Any player incurring 2 Major Penalties in the course of one game shall be assessed a "GAME EJECTION PENALTY".
 - (1) Upon removal from the game, a substitute player shall take the offending player's position in the penalty box. This substitute player shall be chosen by the coach and may be any player, other than a goalkeeper. This player shall be ruled off the playing surface for five minutes during which time no substitute shall be permitted and the offending team shall be short-handed for five minutes.

Rule 404:

Misconduct Penalties

- (a) A "MISCONDUCT PENALTY" involves the removal of a player, other than a goalkeeper, for a period of 10 minutes, but another player is permitted to immediately replace a player so removed.
 - (1) A player whose misconduct penalty has expired shall remain in the penalty bench until the next stoppage of play.
- (b) A "GAME EJECTION" or "EJ" penalty involves the suspension of a player for the balance of the game, but a substitute is permitted to replace the player so removed. The offending player, coach or non-playing persons must leave the bench and playing surface immediately and may not communicate with or contact team personnel in any manner until the game is completed. Any contact with game officials is prohibited. A player who is assessed a GAME EJECTION is suspended for the remainder of that game only. The player shall be allowed to play in the team's next scheduled game.
- (c) A "DISQUALIFICATION" or "DQ" penalty involves the removal of a player, including a goalkeeper, for the remainder of the game plus a major penalty, and may be assessed before the start of the game, during or after the game. When coincidental disqualification penalties are assessed against an equal number of players of each team, the teams shall be permitted substitutions on the surface for the penalized players.
 - (1) A player who is assessed a disqualification penalty is suspended for the remainder of that game plus the next regularly scheduled game of that team, and may not occupy any area designated or reserved for players for the duration of their suspension. A substitute, other than a spare goalkeeper, must enter the penalty bench immediately in the place of the disqualified player(s) and enter the game after the major penalty has elapsed.
- (d) The Referee is required to report all disqualification penalties and all surrounding circumstances to the League Authorities immediately following the game.
 - (1) The League Authorities shall have full power to impose further penalties.
- (e) For all game ejection penalties or disqualification penalties regardless of when assessed, a total of 10 minutes shall be charged in the records against the offending player.
- (f) A Team Official who is assessed a game ejection penalty may not sit near the team bench, nor in any way attempt to direct the play of the team. The circumstances surrounding a game ejection penalty that is assessed to a Team Official must be reported to the League Authorities immediately following the game for review and potential supplementary discipline.
- (g) Unless immediate substitution is permitted under coincident penalty rules 402 and 403, when a player receives a minor or major penalty and a misconduct, game ejection, disqualification, or match penalty at the same time, the penalized team shall immediately place an additional non-penalized player, other than a goalkeeper, on the penalty bench and such player may not be changed.
 - (1) Any violation of this provision shall be treated as illegal substitution under Rule 204.
- (h) Misconduct penalties should not be displayed on the timing device but such penalized players should be alerted and released at the first stoppage of play following the expiration of their penalties

Rule 405:

Match Penalties

- (a) A "MATCH PENALTY" involves the suspension of a player or Team Official for the balance of the game, a five minute time penalty shall be assessed, and the offending player shall be ordered to the dressing room immediately. Unless immediate substitution is permitted under the coincident penalty rules 402 and 403, the penalized team shall immediately place a non-penalized player, other than a goalkeeper, on the penalty bench to serve the five-minute time portion of the penalty and such player may not be changed. The player shall also serve any additional minor or major penalty assessed to the offending player unless immediate substitution is permitted under coincident penalty rules 402 and 403.
- (b) A Team Official who is assessed a match penalty, may not sit near the team bench, nor in any way attempt to direct the play of the team.
- (c) For all match penalties, regardless of when assessed, a total of 10 minutes shall be charged in the records against the offending player.
- (d) The Referee is required to report all match penalties and all surrounding circumstances to the League Authorities immediately following the game. A player or Team Official who has been assessed a match penalty shall be suspended from participating in any games or practices until the case has been dealt with by the League Authorities. A mandatory hearing shall be held and a decision made relative to any further disciplinary action within 30 days of the incident. If circumstances prevent the League Authorities from conducting the hearing, the suspension shall be automatically terminated after 30 days. The League Authorities shall have full power to impose further penalties.

Rule 406:

Penalty Shot

Any infraction of the rules which calls for a "Penalty Shot" shall be taken as follows:

- (a) The Referee shall identify the player entitled to take the shot (as appropriate) and shall then place the puck on the center face-off spot. The player taking the shot shall, on the whistle of the Referee, play the puck and shall attempt to score on the goalkeeper. Once the player taking the shot has touched the puck, it must be kept in motion towards the opponent's goal line and once it is shot, the play shall be considered complete.
- (b) No goal can be scored on a rebound of any kind and any time the puck crosses the goal line the shot shall be considered complete.
- (c) Only a player designated as a goalkeeper, substitute goalkeeper or temporary goalkeeper may defend against a penalty shot.
- (d) The goalkeeper must remain in the goal crease until the player taking the shot plays the puck. In the event of violation of this rule or any foul committed by a goalkeeper the Referee shall allow the shot to be taken and if the shot fails the Referee shall permit the penalty shot to be taken again.
- (e) The goalkeeper may attempt to stop the shot in any manner except by throwing the stick or any other object, in which case a goal shall be awarded.
- (f) In cases where a penalty shot has been awarded under Rule 608 (b) deliberately displacing goal post or removing helmet/facemask during a breakaway and under Rule 637 (d) for fouling from behind, the Referee shall designate the player who has been fouled as the player who takes the penalty shot.
- (g) In cases where a penalty shot has been awarded under Rule 611 (c) falling on the puck in the goal crease, Rule 616 (c) picking up the puck from the goal crease area, Rule 624 (h) illegal entry into the game, and Rule 636 (a) for throwing a stick, the penalty shot shall be taken by a player selected by the Coach, or in the absence of the Coach, the Captain of the non-offending team from all non-penalized, non-injured players, excluding goalkeepers, on the team. Such selection shall be reported to the Referee and cannot be changed.
- (h) If by reason of injury the player designated by a Referee to take the penalty shot is unable to do so, the shot may be taken by a player selected by the Coach, or in the absence of the Coach, the Captain of the non-offending team from all non-penalized, non-injured players, excluding goalkeepers, on the team. Such selection shall be reported to the Referee and cannot be changed.

- (i) Should the player in respect to whom a penalty shot has been awarded, commit a foul in connection with the same play or circumstances, either before or after the penalty shot has been awarded, the player shall be first permitted to take the shot before being sent to the penalty bench to serve the penalty, except when such a penalty is for a game ejection penalty, disqualification penalty, or match penalty, in which case the penalty shot shall be taken by a player selected by the Coach, or in the absence of the Coach, the Captain of the non-offending team from all non-penalized, non-injured players, excluding goalkeepers, on the team.
- (j) While the penalty shot is being taken, all players of both teams except those involved with the taking of the penalty shot must withdraw from the playing surface onto their respective players' bench.
- (k) If, while the penalty shot is being taken, any player of the opposing team shall interfere with or distract the player taking the shot, a goal shall be awarded.
- (l) If the goal is scored during a penalty shot, the puck shall be faced-off at the center spot. If a goal is not scored, the puck shall be faced-off at either of the end face-off spots in the zone in which the penalty shot was taken.
- (m) Whether or not a goal is scored from a penalty shot, if an infraction for which the penalty shot was awarded was such to incur:
 - (1) A major, match or misconduct penalty, the penalty shall be assessed in addition to the penalty shot.
 - (2) A minor or bench minor penalty, a further penalty to the offending player shall not be applied.
- (n) If the foul upon which the penalty shot is based occurs during actual playing time, the penalty shot shall be awarded and taken immediately following the normal stoppage of play.
- (o) The time required for the taking of a penalty shot shall not be included in the regular playing time.

Rule 407:

Goalkeeper Penalties

- (a) A goalkeeper shall not be sent to the penalty bench for an infraction which incurs a minor, major or misconduct penalty, but instead the penalty shall be served by a teammate who was on the playing surface at the time the infraction was committed. Such player shall be designated by the Coach and shall not be changed.
- (b) When a goalkeeper incurs a game ejection penalty, the position shall be taken by a teammate, or by a substitute or temporary goalkeeper who is available, and such player shall be allowed the goalkeeper's full equipment.
- (c) When a goalkeeper incurs a disqualification penalty or match penalty, the position shall be taken by a teammate or a substitute goalkeeper who is available, and such player shall be allowed the goalkeeper's equipment.
 - (1) However, any additional penalties specifically called for by the individual rules covering match penalties shall apply, and the offending team shall be penalized accordingly. Such additional penalty shall be served by another member of the team who was on the playing surface at the time the infraction was committed. Such player is to be designated by the Coach through the playing Captain and shall not be changed.
- (d) All penalties assessed to a goalkeeper, regardless of who serves the penalty, or any substitution, shall be charged in the records against the goalkeeper.
- (e) A minor penalty shall be assessed to a goalkeeper who participates in the play in any manner beyond the center line.

Rule 408: ***Delayed Penalties***

- (a) If a third player of any team is penalized while two players of the same team are serving penalties, the penalty time of the third player shall not commence until the penalty time of one of the two players already penalized has elapsed. Nevertheless, the third player penalized must immediately proceed to the penalty bench and may be replaced by a substitute until such time as the penalty time of the penalized player shall commence.
- (b) When any team shall have three players serving penalties at the same time and because of the delayed penalty rule a substitute for the third offender is in the playing surface, none of the three penalized players on the penalty bench may return to the playing surface until play has been stopped. When the play has been stopped, the player(s) whose full penalty has expired may return to the playing surface.
 - (1) The Penalty Timekeeper shall permit the return to the playing surface in the order of expiration of their penalties, of a player or players when by reason of the expiration of their penalties the penalized team is entitled to have more than three players on the playing surface.
- (c) In the case of delayed penalties, the penalized players whose penalties have expired shall only be allowed to return to the playing surface when there is a stoppage of play.
 - (1) When the penalties of two players of the same team shall expire at the same time, the Captain of that team shall designate to the Referee which player shall return to the playing surface first and the Referee shall instruct the Penalty Timekeeper accordingly.
 - (2) When a major and a minor penalty are assessed at the same time to different players of the same team, the minor penalty shall be recorded as being the first of such penalties.
- (d) During a delayed penalty situation, once non-offending team has legally replaced the goalkeeper with an additional attacker, the non-offending team may not pass or carry the puck backward from their attacking zone into their defending zone. For a violation play shall be stopped once the puck has been carried across the red line, or has been otherwise propelled across the red line.
 - (1) Note: Referees shall not stop play until it is clear that the puck shall not enter the non-offending team's goal.

Rule 409: ***Calling of Penalties***

- (a) Should an infraction of the rules which call for a minor, bench minor, major or match penalty, as committed by a player of a team not in possession of the puck, the Referee shall signify the calling of a delayed penalty by raising the arm and, on completion of the play by the team in possession, shall immediately stop play and assess the penalty to the offending player.
 - (1) "Completion of the play by the team in possession" in this rule means that the puck must have come into the possession and control of an opposing player, or has been "frozen." This does not mean a rebound off the goalkeeper, the goal or the boards or any accidental contact with the body or equipment of an opposing player.
- (b) The ensuing face-off shall take place at the penalized team's defensive zone face-off spot on the side of the rink closest to where the puck was last played, and this face-off placement shall have priority regardless of the reason that play was stopped (e.g. high stick, hand pass, puck out of play), unless the penalties are coincidental. If the penalties are coincidental, the face-off shall be held at the face-off spot that is nearest to where play was stopped.
- (c) If the penalty to be assessed is a minor penalty, and a goal is scored on the play by the non-offending team, the minor penalty shall not be assessed, but all other minor, major or match penalties shall be assessed in the normal manner regardless of whether or not a goal is scored.
- (d) If, after the Referee has signaled a penalty, but before play has been stopped, the puck enters the goal of the non-offending team as the direct result of the action of a player of that team, the goal shall be allowed and the penalty signaled shall be assessed in the normal manner.

- (e) If the Referee signals an additional minor penalty(s) against a team that is already shorthanded because of one or more minor or bench minor penalties, and a goal is scored by the non-offending team before the whistle is blown, the goal shall be allowed, the delayed penalty(s) shall be assessed and the first minor penalty being served which caused the team to be shorthanded shall terminate automatically.
- (f) Should the same offending player commit other fouls on the same play, either before or after the Referee has stopped play, the offending player shall serve such penalties consecutively.
- (g) All minor and bench minor penalties occurring after a goal has been scored or during the stoppage of play when a penalty shot is being attempted, shall be served in the normal manner under this

However, if the goalkeeper has been removed from the playing surface when the infraction occurs, a goal shall be awarded to the non-offending team in lieu of the penalty shot.
 - (2) This rule shall be interpreted so that a penalty shot shall be awarded only when the puck is in the goal crease at the instant the infraction occurs. Rule 612:

 - (1) The player who deflected the puck shall be credited with the goal.
 - (2) The goal shall not be allowed if the puck has been kicked, thrown, or otherwise deliberately directed by an attacking player into the goal by any means other than a stick.
- (e) If a goal is scored as a result of a puck being deflected directly into the goal off an Official, the goal shall not be allowed.
- (f) Should a player legally propel the puck into the goal crease of the opposing team and the puck becomes loose in the goal crease and available to a player of the attacking team, any goal scored on the play shall be allowed.
- (g) Should the puck enter the goal when the goal posts/frame has become dislodged, the referee shall allow the goal to count, provided that in the opinion of the referee the puck would have been able to enter the net legally were the posts/frame in the correct position.
- (h) Any goal scored, other than as covered by the Official Playing Rules, shall not be allowed.

Rule 614:

Handling Puck with Hands

- (a) If a player, other than a goalkeeper, closes the hand on the puck, play shall be stopped and a face-off shall occur at the defensive zone faceoff spot of the offending team; however, if the puck is dropped immediately, play shall be allowed to continue.
 - (1) If a goalkeeper holds the puck with the hand for more than three seconds, play shall be stopped and a face-off shall follow; however, after an initial warning by the Referee, a goalkeeper who holds the puck unnecessarily shall be assessed a minor penalty for delaying the game.
 - (2) A goalkeeper shall not intentionally drop the puck into the pads or onto the goal net nor deliberately pile obstacles at the goal that, in the opinion of the Referee, would tend to prevent the scoring of a goal. The object of this rule is to keep the puck in play continuously and any action taken by the goalkeeper which causes an unnecessary stoppage shall be penalized.
 - i. For a violation of this rule, a minor penalty shall be assessed to the offending player.
- (b) If a goalkeeper throws the puck forward toward the opponent's goal, past the nearest end-zone face-off spots, and it is first played by a teammate, play shall be stopped and the ensuing face-off shall be conducted at the nearest end zone face-off spot of the offending team.
- (c) If a defending player, other than the goalkeeper, picks up the puck in the goal crease from the playing surface with the hands, or holds the puck while it is in the goal crease, the play shall be stopped immediately and a penalty shot shall be awarded to the non-offending team.

- (1) If the above situation occurs while the goalkeeper is off the playing surface, a goal shall be awarded to the non-offending team.
- (d) A player shall be permitted to stop or "bat" the puck in the air with the hand, or push it along the playing surface with the hand, and play shall not be stopped unless the puck has been directed to a teammate in the Attacking Zone, in which case the play shall be stopped. The ensuing face-off shall occur at the face-off spot nearest to where the hand pass originated unless otherwise provided by these rules. *Note: No territorial advantage shall be gained by a team illegally batting the puck with the hand.*
- (e) A goal that is scored as the result of the puck being propelled by the hand of an attacking player and entered the goal either directly or after deflecting off any player including the goalkeeper, shall not be allowed.

Rule 615:

Head-Butting

- (a) A match penalty shall be assessed to a player who deliberately head-butts an opponent and the circumstances shall be reported to the League Authorities for further action.

Rule 616:

High Sticks

The carrying of the stick above the height of 4 feet, height of the goal cage, is prohibited. A player is permitted accidental contact on an opponent if the act is committed as a normal windup or follow-through of a shooting motion.

- (a) Any contact made by a stick on an opponent at the normal height of the shoulders or above is prohibited, with the exception of contact resulting from the normal wind-up or follow-through during an attempt to shoot the puck. The Referee shall assess a minor penalty, major penalty, major plus game ejection penalty, or disqualification penalty to any player who strikes an opponent with a stick so carried.
- (b) When a player injures an opponent as the result of "high sticking," the Referee shall assess a disqualification penalty to the offending player whether accidental or careless, unless such injury is a result of the normal wind-up or follow-through during an attempt to shoot the puck.
- (c) A goal scored by an attacking player who strikes the puck with the stick which is carried above the height of the goal frame cross bar, shall not be allowed. The determining factor is where the puck makes contact with the stick. If the puck makes contact with the stick below the level of the crossbar and enters the goal, this goal shall be allowed.
- (d) Batting the puck above the height of 4 feet with the stick is prohibited. When a player's stick makes contact with the puck above the height of 4 feet, play shall be stopped and the ensuing face-off shall take place at an end zone face-off spot of the offending player's team unless:
 - (1) The puck is batted to an opponent, in which case the play shall continue.
 - (2) A player of the defending team shall bat the puck into the player's own goal, in which case the goal shall be allowed.

Rule 617:

Holding

- (a) A minor penalty shall be assessed to a player who holds an opponent with the hands, legs, feet, stick, or in any other way.
- (b) A major plus game ejection penalty, or a disqualification penalty, at the discretion of the referee, shall be assessed to any player who grabs or holds the face mask of an opponent with the hand.
- (c) When a player injures an opponent as the result of "holding the face mask," the Referee shall assess a disqualification penalty to the offending player.
- (d) A player is not permitted to hold an opponent's stick. A minor penalty shall be assessed to a player who holds an opponent's stick.

Rule 618:

Hooking

- (a) A minor penalty shall be assessed to a player who impedes or seeks to impede the progress of an opponent by hooking with the stick.
- (b) When a player injures an opponent as the result of "hooking," the Referee shall assess a disqualification penalty to the offending player.

Rule 620:

Interference

- (a) A minor penalty shall be assessed to any player who interferes with or impedes the progress of an opponent who is not in possession of the puck, deliberately knocks a stick out of an opponent's hand, prevents a player who has dropped the stick or any other piece of equipment from regaining possession of it, or shoots a stick or other object toward an opponent.
 - (1) The last player to touch the puck shall be considered to be the player in possession.
- (b) A minor penalty shall be assessed to any player on the players' or the penalty bench who, by means of the stick or body, interferes with the movements of the puck or an opponent on the playing surface during the progress of play.
- (c) A minor penalty shall be assessed to any player who, by means of the stick or body, interferes with or impedes the movements of the goalkeeper while the goalkeeper is in the goal crease area.
- (d) If a player of the attacking team has been pushed or otherwise physically forced into the goal crease by an opposing player, and the puck should enter the goal while the player so interfered with is still in the goal crease, the goal shall be allowed.
- (e) When the goalkeeper has been removed from the playing surface and any member of the same team not legally on the playing surface interferes by means of the body, stick, or any other object with the movements of the puck or an opposing player, the Referee shall immediately award a goal to the non-offending team.
- (f) The attention of Referees is directed particularly to three types of offensive interference which shall be penalized;
 - (1) When the defending team secures possession of the puck in its own zone and the other members of the same team run interference for the puck carrier by forming a protective screen against fore-checkers.
 - (2) When a player facing-off obstructs an opponent after the face-off when the opponent is not in possession of the puck.
 - (3) When the puck carrier makes a drop pass and follows through so as to make body contact with an opposing player.

Rule 621:

Interference by Spectators

- (a) In the event of a player being held or interfered with by a spectator, the Referee shall immediately stop the play, unless the team of the player being interfered with is in possession of the puck at the time, in which case the play shall be allowed to be completed. The ensuing face-off shall take place at the nearest face-off spot to where the puck was last played.
- (b) Any player who physically interferes with a spectator shall be assessed a disqualification penalty and the circumstances shall be reported to the League Authorities for further action.
- (c) In the event that objects are thrown onto the playing surface which interfere with the progress of the game, the Referee shall stop the play and the ensuing face-off shall take place at the nearest face-off spot to where the puck was last played.

Rule 622:
Kicking Player

- (a) A match penalty shall be assessed to a player who kicks or attempts to kick another player.
 - (1) A substitute shall be permitted at the end of the fifth minute.
 - (2) If, at the discretion of the Referee, in an attempt to free the puck, a player unintentionally kicks or appears to kick another player, no penalty shall be assessed.

Rule 623:
Kicking Puck

- (a) Kicking the puck shall be permitted in all zones; however, a goal that is scored as the result of the puck being kicked or otherwise intentionally redirected by an attacking player and entering the goal either directly or after deflecting off any player including the goalkeeper, shall not be allowed.

Rule 624:
Leaving the Player's Bench or Penalty Bench

- (a) No player may leave the players' bench or penalty bench at any time during an altercation.
 - (1) Substitutions made prior to the start of the altercation shall not be penalized under this rule provided the players so substituting do not enter the altercation.
- (b) A disqualification penalty shall be assessed to the player who was the first to leave the players' or penalty bench during an altercation.
 - (1) If players of both teams leave their respective benches at the same time, the first identifiable player of each team shall be penalized under this rule.
 - (2) For the purposes of determining which player was the first to leave the players' bench during an altercation, the Referee may consult with other Game Officials.
- (c) Other players who leave the players' bench or penalty bench during an altercation shall be assessed a misconduct penalty (maximum 4 per team).
- (d) Any player who leaves the players' bench during an altercation and is assessed a minor, major or misconduct penalty for conduct during the altercation, shall also be assessed a disqualification penalty.
- (e) A penalized player who leaves the penalty bench during an altercation shall be assessed a disqualification penalty, in addition to any unexpired time.
- (f) If a player illegally enters the game, any goal scored by that team while the illegal player is on the playing surface shall be disallowed, but all penalties assessed to either team shall be served as regular penalties.
- (g) Except at the end of each period, or upon the expiration of a penalty, no player may leave the penalty bench, at any time.
 - (1) A penalized player who leaves the penalty bench prior to the expiration of the penalty, whether play is in progress or not, shall be assessed an additional minor penalty after serving the unexpired penalty time.
 - i. This penalty is assessed to the actual player.
 - ii. In the case of a player returning to the playing surface prior to the expiration of the penalty, through an error of the Penalty Timekeeper, the player is not to serve an additional penalty, but must serve the unexpired time.
 - (2) When a player leaves the penalty bench prior to the expiration of the penalty, the Penalty Timekeeper shall note the time and verbally alert the Referee who shall stop play when the offending player's team gains possession and control of the puck.
 - (3) When a penalized player, either through his or her own action or an error of the Penalty Timekeeper, returns to the playing surface from the penalty bench prior to the expiration of the penalty, any goal scored by that team, while the player or substitute is illegally on the playing surface, shall be disallowed, but all penalties assessed to either team shall be served as regular penalties
- (h) If a player of the attacking team in possession of the puck shall be in a position as to have no opposing player to pass other than the goalkeeper, and is interfered with by a player who has entered the game illegally, the non-offending team shall be awarded a penalty shot.

- (1) The penalty shot shall be taken by a player selected by the Coach, or in the absence of the Coach, the Captain of the non-offending team from all non-penalized, non-injured players, excluding goalkeepers, on the team. Such selection shall be reported to the Referee and cannot be changed.
- (i) If the opposing goalkeeper is off the playing surface and the attacking player is interfered with by an illegal player, a goal shall be awarded to the non-offending team.
- (j) If a Team Official steps onto the playing surface after the start of a period and before that period is completed without the permission of the Referee, the Referee shall assess a bench minor penalty to the team of the offending Coach.
 - (1) Team Officials are not permitted on the floor between periods or during a time-out, and following a warning shall be assessed a bench minor penalty at the discretion of the Referee.
- (k) During any face-off, if a team starts with fewer players than entitled to, any player subsequently entering the game shall not be eligible to play any puck coming from the Defending Zone while the player is in the Attacking Zone unless the puck is first played by another player in the Attacking Zone.

Rule 627:

Passes

- (a) The puck may be passed by any player to any player of the same team within any of the two zones into which the rink is divided and may be passed forward by a player in the Defending Zone to a teammate over the center red line. (For hand passes see Rule 614).

Rule 628:

Protection of the Goalkeeper

As a general rule, attacking players may not enter the crease on their own accord. When an attacking player enters the crease on his or her own, or is forced to enter the crease by a defending player, the referee shall, after a warning, stop play and take the ensuing face-off at the high zone face-off spot closest to that end of the floor. The onus is on the attacking team to keep the goalkeeper's crease free of traffic. However, the crease rule is intended to implement a "no harm, no foul" standard regarding the allowing or disallowing of goals. The rule is based on the premise that an attacking player's position, whether inside or outside the crease, should not, by itself, determine whether a goal should be allowed or disallowed. Because of this, goals scored when the body or equipment of an attacking player are in the crease may, in appropriate circumstances, be allowed.

- (a) Goals should be disallowed only if:
 - (1) An attacking player, either by his positioning or by contact, impairs the goalkeeper's ability to move freely within his crease or defend his goal; or
 - (2) An attacking player initiates more than incidental contact with a goalkeeper, inside or outside of his goal crease. Incidental contact with a goalkeeper while outside the crease will be permitted, and resulting goals allowed, provided the attacking player has made a reasonable effort to avoid such contact. The rule will be enforced exclusively in accordance with the on-rink judgment of the Referee(s); or
 - (3) An attacking player deliberately prevents the goalkeeper from returning to his crease area.
 - i. Such player may be penalized for interference. Similarly, the goalkeeper may be penalized, if by his actions outside of his crease he deliberately interferes with an attacking player who is attempting to play the puck or an opponent.
- (b) If an attacking player initiates any contact with a goalkeeper, other than incidental contact, while the goalkeeper is in his goal crease or outside his goal crease, and a goal is scored, the goal will be disallowed.
 - (1) For a violation of this rule, the Referee shall assess a minor penalty to the attacking player.

- (c) If an attacking player establishes a significant position within the goal crease, so as to obstruct the goalkeeper's vision and impair his ability to defend his goal, and a goal is scored, the goal will be disallowed. The attacking player shall not "park" in the goal crease.
 - (1) If, after any contact initiated by a goalkeeper who is attempting to establish position in his goal crease, the attacking player does not immediately vacate his current position in the goal crease (i.e., give ground to the goalkeeper), and a goal is scored, the goal will be disallowed.
 - i. In all such cases, whether or not a goal is scored, the attacking player will receive a minor penalty for interference.
- (d) In a rebound situation, or where a goalkeeper and attacking player(s) are simultaneously attempting to play a loose puck, whether inside or outside the crease, incidental contact with the goalkeeper will be permitted, and any goal that is scored as a result thereof will be allowed.
- (e) In the event that a goalkeeper has been pushed into the net together with the puck after making a stop, the goal will be disallowed. If applicable, appropriate penalties will be assessed.
- (f) A goalkeeper who deliberately initiates contact with an attacking player other than to establish position in the crease, or who otherwise acts to create the appearance of other than incidental contact with an attacking player, is subject to the assessment of a minor penalty for unsportsmanlike conduct.

Rule 629:

Puck Must be Kept in Motion

- (a) The puck must be kept in motion at all times.
- (b) Except to carry the puck behind the goal, once a team has gained possession and control of the puck in its own defensive end, it shall always attempt to advance the puck toward the opposing goal, unless players of the opposing side prevent them from doing so, or if the team in possession and control is short-handed.
 - (1) For the first violation of this rule by each team, play shall be stopped and a face-off will be taken at the defensive end-zone spot of the team causing the stoppage. The Referee shall warn the Captain or Alternate Captain of the offending team of the reason for the stoppage. For a second violation by the same team a minor penalty shall be imposed on the player violating the rule.
- (c) Play shall not be stopped because the puck is frozen along the boards by two or more opposing players, unless one of the players accidentally falls onto the puck. However, the Referee may stop the play along the boards if allowing play to continue shall lead to unnecessary contact surrounding the puck.
- (d) If one player freezes the puck along the boards or if a player deliberately falls on the puck a minor penalty shall be assessed for delaying the game.
- (e) In situations in which neither team plays the puck, the officials shall stop play and conduct a faceoff accordingly. The situations below provide direction to assist officials:
 - (1) **Hand pass.** When a hand pass has been initiated by one player to a teammate and the teammate elects not to play the puck to avoid the stoppage of play, and the opposing team also abstains from playing the puck (e.g., to allow time to expire on a penalty), the referee shall stop play and order the resulting faceoff at the face-off spot nearest to where the hand pass originated, so as not to provide a territorial advantage.
 - (2) **High stick.** When a player contacts the puck with his stick above the normal height of the shoulders and a teammate elects not to play the puck to avoid the stoppage of play, and the opposing team also abstains from playing the puck (e.g., to allow time to expire on a penalty), the referee shall stop play and order the resulting faceoff at one of the faceoff spots in the offending team's (team that committed the violation) defending zone.

Rule 630:

Puck Out of Bounds or Unplayable

- (a) When the puck goes outside the playing area or strikes any obstacles above the playing surface other than the boards, glass or wire the ensuing face-off shall:
 - (1) If off defending player – be conducted at the face-off spot that is nearest to the location of where the puck was last played. (Rule 610)
 - (2) If off the attacking player – be conducted on the high zone face-off spot in the zone and on the side of the rink closest to where the puck was last played. (Rule 610)
 - (3) When the puck becomes unplayable due to a defect in the rink, the face-off shall be conducted at the the face-off spot that is nearest to the location of where the puck was last played.
 - (4) If the puck is shot out of the rink by the attacking team, the face-off shall be conducted on the high zone face-off spot in the zone and on the side of the rink closest to where the puck was last played. (Rule 610)
 - (5) If the puck leaves the playing surface after striking the goal post and/or crossbar, without having been deflected, as a result of a shot by the attacking team taken in their attacking zone, the ensuing face-off shall occur in the Attacking Zone at the nearest end face-off spot.
- (b) When the puck becomes lodged in the netting on the outside of the goal or if it is frozen between opposing players, the Referee shall stop play and face-off the puck at the nearest face-off spot to where it was last played unless, in the opinion of the Referee the stoppage was caused by a player of the attacking team, in which case the ensuing face-off shall be conducted on the high zone face-off spot in the zone and on the side of the rink closest to where the puck was last played. (Rule 610)
- (c) The defending team and/or the attacking team may play the puck off the net at any time.
 - (1) However, should the puck remain on the net for longer than three seconds, play shall be stopped and the face-off shall take place at the nearest end zone face-off spot, except when the stoppage is caused by a player of the attacking team, in which case the ensuing face-off shall be conducted on the high zone face-off spot in the zone and on the side of the rink closest to where the puck was last played. (Rule 610)
- (d) If the puck comes to rest on top of the goal frame, the play shall be stopped immediately.
 - (1) A minor penalty shall be assessed to a goalkeeper who deliberately drops the puck on the goal netting to cause a stoppage of play.
- (e) If the puck comes to rest on top of the boards surrounding the playing area, it shall be considered to be in play and may be played legally by the hand or stick

Rule 631:

Puck Out of Sight and Illegal Puck

- (a) Should a scramble take place, or a player accidentally falls on the puck and it is out of the sight of the Referee, play shall be stopped immediately. The ensuing face-off shall take place at the face-off spot that is nearest to the location of where the puck was last played unless otherwise provided for in the rules.
- (b) If, at any time during play, a puck other than the one officially in play shall appear on the playing surface, which interferes with the progress of the game, the play shall be stopped immediately.

Rule 632:

Puck Striking Official

- (a) Play shall not be stopped because the puck touches an Official anywhere on the rink.
- (b) If a goal is scored as a result of a puck being deflected directly into the goal off an Official, the goal shall not be allowed.

Rule 633:

Refusing to Start Play

- (a) If, when both teams are on the playing surface, one team for any reason shall refuse to play when ordered to do so by the Referee, the Captain shall be warned and the team so refusing shall be allowed 15 seconds to begin the game or resume play. If, at the end of that time the team shall still refuse to play, the Referee shall assess a bench minor penalty to the offending team.
 - (1) Should there be a reoccurrence of the same incident, the Referee shall have no other alternative than to suspend the game and assess a match penalty to the offending Team's designated Head Coach of that game. The surrounding circumstances shall be reported to the League Authorities for further action.
- (b) If a team, when ordered to do so by the Referee, fails to go onto the playing surface promptly, it shall be assessed a bench minor penalty.
 - (1) If the team shall still refuse to go onto the playing surface and start play within five minutes, the Referee shall have no other alternative than to suspend the game and assess a match penalty to the offending Team's designated Head Coach of that game. The circumstances shall be reported to the League Authorities for further action.

Rule 634:

Slashing

- (a) A minor penalty, major penalty, major plus game ejection penalty, or disqualification penalty, at the discretion of the Referee, shall be assessed to any player who slashes or attempts to slash an opponent with the stick.
 - (1) Referees should penalize as "slashing" any player who swings the stick at an opponent (whether in or out of range) without actually making contact, or when a player on the pretext of playing the puck makes a wild swing at the puck with the intent to intimidate an opponent.
- (b) When a player injures an opponent as the result of "slashing," the Referee shall assess a disqualification penalty to the offending player.
- (c) Any player who swings the stick at another player during the course of any altercation shall be subject to a match penalty, and the circumstances shall be reported to the League Authorities for further action.
- (d) A minor penalty shall be assessed to any player who makes stick contact with the opposing goalkeeper, in the goal crease, who has covered or caught the puck, regardless of whether or not the Referee has stopped the play.

Rule 635:

Spearing

- (a) A major plus game ejection penalty, or a disqualification penalty, at the discretion of the Referee, shall be assessed to a player who spears or attempts to spear an opponent.
 - (1) Attempt to spear shall include all cases where a spearing gesture is made regardless of whether body contact is made or not.
 - (2) A disqualification penalty shall be assessed in all cases where contact is made by the offending player.
- (b) When a player injures an opponent as the result of "spearing," the Referee shall assess disqualification penalty to the offending player.
- (c) Spearing may also be treated as a match penalty under attempt to injure or deliberate injury to an opponent.

Rule 636:
Throwing Stick

- (a) When any player or Team Official of the defending team deliberately throws or shoots a stick or any other object at the puck in the Defending Zone, the Referee shall allow the play to be completed and if a goal is not scored, a penalty shot shall be awarded to the non-offending team. The penalty shot shall be taken by a player selected by the Coach, or in the absence of the Coach, the Captain of the non-offending team, from all non-penalized, non-injured players, excluding goalkeepers, on the team. Such selection shall be reported to the Referee and cannot be changed.
 - (1) If, however, the goal is unattended and the attacking player has no defending player to pass and has a chance to score on an open goal, and a stick or any other object is thrown or shot at the puck by a member of the defending team, thereby preventing a shot on the open goal, a goal shall be awarded to the non-offending team.
- (b) A minor penalty shall be assessed to any player on the playing surface who throws or shoots a stick or any other object in the direction of the puck in any zone except when such act has been penalized by a penalty shot or awarded goal.
- (c) When a player discards a broken stick by tossing it to the side of the rink (and not over the boards) in such a way that shall not interfere with play or an opposing player, no penalty shall be assessed for doing so.
- (d) A misconduct penalty shall be assessed to any player who throws a stick or any part thereof outside the playing area.
 - (1) A disqualification penalty shall be assessed to any player who deliberately throws a stick or any part thereof outside the playing area at or in the direction of any spectators or League Officials.

Rule 637:
Tripping

- (a) A minor penalty shall be assessed to any player who places the stick, leg, knee, foot, arm, hand, or elbow in such a manner that it causes an opponent to trip or fall.
 - (1) If, in the opinion of the Referee, a player is unquestionably poke-checking the puck and obtains possession of it, thereby tripping the opposing player, no penalty shall be assessed.
- (b) Accidental trips that occur simultaneously with the whistle shall not be penalized.
- (c) Any player who deliberately dives onto the playing surface, except to block a shot, contacts an opponent and causes the player to trip or fall, shall be assessed a minor penalty.
- (d) When a player, in possession and control of the puck in the Attacking Zone and having no opponent to pass other than the goalkeeper, is tripped or otherwise fouled directly or diagonally from behind, thus preventing a reasonable scoring opportunity, a penalty shot shall be awarded to the non-offending team.
 - (1) The Referee shall not stop the play until the attacking team has lost possession and control of the puck to the defending team.
 - (2) The intent of this rule is to restore a reasonable scoring opportunity which has been lost by reason of a foul from behind and outside of the attacking player's peripheral vision, when the foul is committed on the opponent's side of the center red line.
 - (3) "Possession and control" of the puck means the act of propelling the puck with a stick. If, while it is being propelled, the puck is touched by another player, hits the goal or goes free, the player shall no longer be considered to be "in possession and control" of the puck.
- (e) If, when the opposing goalkeeper has been removed from the playing surface, a player in possession and control of the puck is tripped or otherwise fouled with no opposing player to pass, thus preventing a reasonable scoring opportunity, the Referee shall immediately stop play and award a goal to the non-offending team.
- (f) A major penalty or major plus disqualification penalty shall be assessed to any player who "slew-foots," or attempts to "slew-foot," an opponent in such a manner that it causes an opponent to trip or fall.
- (g) When a player injures an opponent as the result of "tripping," the Referee shall assess disqualification penalty to the offending player

Rule 638:***Unnecessary Roughness (Roughing)***

- (a) At the discretion of the Referee, a minor penalty or double minor penalties may be assessed to any player who uses unnecessary roughness against an opponent.
- (b) A minor penalty or double minor penalties for unnecessary roughness must be assessed every time an opposing player makes unnecessary physical contact with the player in possession of the puck.
 - (1) It is not the intent to penalize incidental contact between two opposing players who are actively in pursuit of the puck. The act of riding an opponent off the puck shall not be considered to be roughing. However, this does not allow the player without the puck to throw their body into the opponent to achieve possession.

- (c) Time-outs must be called during a stoppage of play.
- (d) A time-out must be requested prior to the conclusion of the line change procedure. The conclusion of the line change procedure shall be recognized by the sound of the whistle from the referee conducting the face-off.
- (e) A team that is requesting its time-out during the same stoppage of play as their opponent's time out is taken must make such request to the Referee prior to the conclusion of the first time-out.
- (f) A period may not be started with a time out by any team.
- (g) All players must return to their respective player bench for the entire duration of the time-out. Any penalized player must remain in the penalty bench during a time-out.
- (h) If there is a running clock in effect, the clock shall be stopped for the time-out. The clock shall be restarted upon the conducting of the ensuing face-off.
- (i) If a time out is not used during regulation play, it may be used in over-time.
- (j) No additional time-outs will be given in the event of overtime.
- (k) A time-out may not be used to delay the start of a game or period.

At the first stoppage following the termination of a penalty, teams shall return to their proper strength.

- iii. The overtime period will be a stopped clock.
 - 1. Teams shall retain their time-out if unused during regulation, but no additional time-out shall be granted
 - iv. Should the game be tied at the conclusion of the overtime, a 3-man shootout will be held. See shootout procedures.
 - v. Teams will receive credit for a win if they score in the overtime period or score more goals than their opponent in the shootout.

- (c) After all three (3) players have taken their shot, the team scoring the most goals shall be declared the winner.
- (d) If at the end of the 3-man shootout the teams remain tied, the shoot-out shall continue with teams alternating 1 player at a time until a winner has been determined. If, after one player from each team has shot, only one team has scored, that team shall be declared the winner. If, after one player from each team has shot and the score remains tied, the procedure shall be repeated until one team scores while its opponent does not.

APPENDIX:

Suspension Procedures and **Suspension Appeal Procedures**

A) Suspension Procedures

1. General:

Suspensions shall be investigated and determined at the conference level of administration in which the incident has occurred. The Administration of the Conference will have final say on all matters determined in their conference. (see appeals).

In the case of inter-conference play, the "Home Conference" shall have jurisdiction and will advise the NCRHA of all suspension determinations.

The NCRHA National Referee In Chief (or advisory board) shall be notified of all suspensions.

2. Procedures for all Conferences:

When a player commits an offense in a game setting that carries a mandatory suspension per the Official Rules of NCRHA, or commits an offense worthy of a suspension (on, off, before, after, or during a game) the following procedure shall be followed in ruling on a disciplinary action:

- a. If a penalty incurred during a game or an incident warrants, the Referee will make a suspension recommendation. This is generally recorded by the scorekeeper/timekeeper of the game.
- b. Officials never discuss suspensions with any game participant at any point on or off the playing surface, neither before nor after any recommendation or official ruling by the League Authorities.
- c. Immediately following the end of the game that the offense pertains to, the information is relayed to the Referee-in-Chief (if present), and/or the Event Director(s).
- d. Should the offending participant still have more games during the specific hockey weekend, then the time frames will be taken into consideration in accordance to when next game may occur.
- e. The Referee-in-Chief should meet with the Game Officials and Minor Officials to discuss pertinent facts and initial suspension recommendation.
- f. As needed, the Referee-in-Chief and the League Authorities will make a thorough investigation.
- g. Suspension is finalized and signed by the League Authorities.
- h. The Referee-in-Chief presents ruling to a Team Representative of the suspended participant.
- i. The suspended participant is not permitted to be present during the deliverance of the disciplinary action.
- j. The following conditions will apply:
 - (1) Since time is a dynamic variable that is taken into consideration, in cases where a participant may be involved in additional games in the same hockey weekend and a prompt ruling is necessary, a full or partial ruling may be issued to determine the participant's immediate eligibility for the remaining games of that weekend.
 - (2) The Referee-in-Chief reserves the right to determine the time frame necessary (with respect to fairness and ethics) to complete a thorough investigation of the incident. This time shall not exceed 30 days.
- k. A special determination may be made in all incidents where the offending player receives a suspension in the last game of his/her season or term with his/her club.
 - (1) This type of conduct, normally warranting a suspension, frequently occurs when a player has no intention of returning to the league and feels that they personally cannot be mandated to serve suspensions or penalties.

- (2) Such conduct is not taken lightly and in extreme cases may involve suspension of team and team officials in addition to the offending player. The premise for holding a team/team management accountable is the idea that a team is generally aware of what player(s) amongst them will act out in malice in the last game. In course with the ethics of NCRHA and school spirit of a club, a team should take a pro-active approach to the situation with preventative measures to keep such player from disparaging their club.

3. Serving of Suspensions

- a. Suspended players must serve their own suspensions.
- b. Suspensions begin immediately once they are assessed.
- c. Multiple suspensions shall be served consecutively.
- d. Should a player of a 'multi-team club' be suspended, the player will be ineligible to play on the alternate team until all suspensions have been served, applicable to the specific team in which the suspense was incurred.
- e. Suspended players are not permitted behind the bench or on the playing surface.
- f. Suspensions left unserved at the end of any regular season shall
 - (1) Travel with a player to any other team,
 - (2) Carry forward to future season,
 - (3) Apply to other NCRHA events, such as the NCRHA National Championship Tournament.
- g. In order to receive credit for serving a suspension, please check the guidelines of your Conference.

4. National Enforcement

- a. Suspensions will be enforced on a national joint-cooperative level.

B) Suspension Appeal Procedures

1. Criteria Guidelines At All Levels:

Appeals may request relief or removal from suspensions due to the establishment of reasonable cause (care and prudence), undue hardship, or evidence of administrative error.

- a. A participant must establish reasonable cause by providing facts and circumstances' showing the participant exercised reasonable care and prudence, but nonetheless, was unable to comply.
- b. Reasonable Cause is based upon all the facts and circumstances in each situation that each suspension was assessed for.
- c. A participant has established reasonable cause when all of the following are addressed:
 - (1) What specifically occurred?
 - (2) That the participant's conduct justifies the removal or reduction of a suspension.
 - (3) The facts and circumstances that prevented participant from complying.
 - (4) If the facts and circumstances changed during the incident, what attempts and measures did the participant make to comply?
 - (5) Did something prevent the participant from complying, that otherwise could have been an option?
- d. Evidence of reasonable care and prudence includes making provisions for compliance to be met when a reasonably foreseeable event could occur (intent and instigation).
- e. In determining the participant exercised reasonable care and prudence, the BOD and the Referee In Chief will review information including:
 - (1) The participant's reason for their specific actions. This reason must explicitly address each specific penalty and/or suspension.

- f. Undue Hardship may support granting suspension relief or reduction providing there is evidence of a legitimate hardship beyond the 'inconvenience' to a participant or participant's team. In addition, the participant must also show that they exercised reasonable care and prudence as previously defined.
 - (1) Undue hardship support includes proof and/or documentation that a detrimental consequence or significant hardship can and will be taken against the participant or participant's club as a direct result of the imposed suspension.
- g. Administrative error
 - (1) Objective video
 - (2) Evidence of a mishandling of a policy

2. Non-Appealable Issues:

- a. Ignorance of the rules is not an acceptable basis for appeal.
- b. Opinions are subjective, therefore are unacceptable evidence of administrative error.
- c. Intent is subjective, therefore unacceptable evidence of administrative error.
- d. Inconvenience to a participant or participant's team does not constitute hardship.
- e. Disappointment or discontentment over missing special events is not an acceptable basis for appeal.

3. General:

This article discusses a participant's procedure to appeal.

- a. Appeals are to be handled on a Conference level in accordance with the Governing Operational Procedures of the Conference in which the suspension was assessed.
- b. While a Suspension Appeal is in process, the suspended participant is completely ineligible to participate in any games due to the following:
 - (1) Safety concerns
 - (2) Liability concerns
- c. See specific guidelines for the appeals procedure in your Conference.

4. National Appeals:

This article discusses a participant's option and procedure to appeal at the National level, only after an appeal has been denied by a Conference or in the case that a National suspension is assessed.

- a. The appeal must be heard and denied at the Conference level first.
- b. The appeal to the NCRHA must be submitted in writing by mail or courier within 10 business days of the incident.
- c. The appeal is to be submitted with a \$200 non-refundable fee made payable to the NCRHA.
- d. While a Suspension Appeal is in process, the suspended participant is completely ineligible to participate in any NCRHA or Conference games. If the appeal is upheld in part or whole, the \$200 fee will be returned to the appellant.
- e. Appeals are not automatic. There must be a basis for the appeal that meets the appealable standards.
- f. A suspension must be for a total of three or more games before an appeal can be initiated.
- g. The Representative of the participant's team submits appeal.
- h. The appeal must contain all mitigating support by the participant and a copy of the Conference appeal.
- i. Only one appeal may be submitted and must contain all pertinent information.
- j. No additional information or amendments will be permitted once the appeal is submitted.
- k. Appeals are to be addressed to the NCRHA. Please contact the NCRHA for additional mailing procedures.

Glossary

ABEC - Stands for Annular Bearing Engineer Council. The ABEC-1, ABEC-3, ABEC-5 ratings you see for bearings are supposed to be indications that the bearings meet the stated ABEC specifications of a certain precision level. ABEC-5's are supposed to be fastest but there is yet no hard evidence that in real world situations that this is true.

Altercation - A situation involving two players, with at least one to be penalized

Assist - Point awarded to the player for helping set up a goal, usually the last player to handle the puck. NCRHA awards up to 2 assists per goal.

Attacking Zone - The half of the rink in which a team is trying to score goals is known as its 'attacking zone' or 'offensive zone.' Conversely, one team's 'offensive zone' will be the other team's 'defensive' or 'defending zone.'

Backcheck - Legal attempt by forwards on their way to their defensive zone to regain control of the puck.

Backhand shot - A shot or pass made with the stick from the left side by a right-handed player or from the right side by a left-handed player.

Bearing spacers - These are those small parts that go in between your bearings so that the axles can go through your wheels.

Bearings - These are those metal things inside the hub of your wheels. There are two per wheel. Inline skates currently use bearings that were already standard in the bearings industry, before inlines were popular. They are "608" bearings, indicating the inner (6mm) and outer diameters (8 mm).

Blocker - The glove that the goalie uses to hold his stick. The back of the blocker or blocking glove is a rectangular padded area that the goalie uses to block shots.

Blue line - NCRHA plays with two zones only and no neutral zone. Therefore Blue Lines are not recognized as part of the collegiate game. However, In ICE HOCKEY, there are two blue lines on the ice. Each is sixty feet out from the goal lines and divides the ice between the goal lines into thirds. The area between the two blue lines is the neutral zone. The areas on either side of the neutral zone are either the defending zone or the attacking zone depending on which goal the team is defending.

Boarding - The act of applying a body check into the boards, frequently with extension of the checking player's forearms to violently 'throw' the player into the boards.

Boards - The plastic, fiberglass, or wooden walls surrounding the rink are known as the boards. The boards are between 36 to 48 inches high.

Body Check - Use of the hip, shoulder, or forearm to impede the progress of an opponent who has the puck.

Body Contact - Contact that occurs between opponents during the normal process of playing the puck, provided that there has been no overt hip, shoulder or arm contact to physically force the opponent off the puck.

Breakaway - A scoring opportunity that occurs when there are no defending players between the puck carrier and the opposing goalkeeper in the attacking zone.

Breakout - When the attacking team comes out of its defending zone with the puck and commences up the rink.

Butt Ending - To hit an opponent with the end of the stick farthest from the blade.

Center - Although NCRHA does not recognize official titles of players such as "Left Wing", "Right Wing", or "Center", the player who positions himself in the middle of the front line of attack, closest to the opponent's goal (this must be one of the Forwards) would be loosely termed "the center". On defense, protects the area in the center of his defensive zone known as the slot.

Charging - An aggressive act of applying a body check after taking more than two steps toward the victim, or running or jumping into the opponent.

Chassis - The metal framework that attaches to the under sole of a hockey boot. The wheels are attached to the chassis by the way of two bolts which act as an axle welded to it. A skate may be designed to have 3 to 5 axles. In NCRHA every axle must contain a wheel.

Clearing the Puck - When the puck is passed or shot away from the front of the net or congested area in one's own defensive zone.

Coach - Directs the action of his team on the rink. Usually stands behind his team's bench. Although strongly encouraged, NCRHA has not yet mandated all teams to utilize coaches.

Cover - when a player stays close to an opponent to prevent him/her from receiving a pass or making a play on offense.

Crease - The light blue semicircular area with a six-foot radius in front of each goal.

Cross Checking - Hitting an opponent with both hands on your stick and no part of the stick on the surface.

Crossbar - The four-foot high bar that connects the two goal posts and supports the net.

Crossover - Skating crossovers is simply skating along a curved path while still stroking. To do this, you have to cross the outer skate over the other one and hence the term "crossover". Done properly, a crossover will not only let you maintain your speed going into the turn, but also let you increase it to an extent.

Defenseman - Two players who are positioned on each side of their goal to help the goalie prevent the other team from scoring.

Defensive Zone - The area from a team's goal line to the center line.

Deflection - causing any pass or shot to stray from its intended course; a shot or pass that inadvertently hits some object such as a stick or skate and goes into the net for a score or when a goalie hits the puck away.

Deke - To fake, for example by causing an opposing player to believe you are moving left when you are moving right. Deking is the art of making the opponent or the goalie move first, thus giving the shooter the advantage.

Delay of Game - When a player intentionally delays a game under a number of specific situations as illustrated throughout the rulebook. For most intentional offenses, the result is a minor penalty.

Disqualification Penalty (DQ) - A penalty where the offender is suspended for the rest of the game, plus the next regularly scheduled game of that team. The offender's team is also assessed a five minute major penalty.

Drop pass - Puck carrier leaves the puck behind to be picked up by a traveling teammate.

Durometer - Durometer is an industry hardness rating for polyurethane, which is the primary wheel material. Ratings such as 78A or 85A are usually seen on wheels. The higher the rating the harder the wheel. 100 is the highest (although no skaters probably go beyond 92 or 95).

Elbowing - The act of using your elbows or arms to strike or impede the progress of an opponent who has the puck.

Even Strength Goal - A goal scored when both teams have an equal number of players on the surface.

Face-Off - A face-off is when a referee drops the puck between a designated member of each team and said members attempt to knock the puck to a teammate. A face-off begins a game and occurs after a team scores or if play has stopped and must be commenced.

Face-Off Circle - Face-off circles, each with a radius of 15 feet, are drawn on the rink. In the middle of each circle is a spot where a face-off would take place. One face-off circle is in the middle of the red line at center ice. The other four face-off circles are on each side of the two goals.

Five Hole - When shooting on the net, there are generally 5 common "target positions". The "five-hole" represents the space between the goalie's legs. (6 and 7 represent the targeting under the arms of the goalkeeper).

Forecheck - To keep opponents in their end of the rink while trying to regain control of the puck

Forward - One of the two players who make up the front line of attack with an emphasis on scoring goals.

Freeze the Puck - To hold the puck against the boards with the skate or stick in order to stop play briefly or gain a face-off.

Full Strength - When a team has its full complement of 5 players on the rink.

Game Ejection Penalty (EJ) - A penalty where the offender is suspended for the rest of the game, but the offender's team does not skate shorthanded and the player does not incur any further suspension automatically.

Glass (above the boards) - The Plexiglas sheets on top of the boards surrounding the rink.

Goal Scored - Occurs when a player strikes the puck with his stick over his opponent's goal line, between the goal posts, underneath the cross bar for a score. The entire puck must cross the entire goal line completely.

Goalie - The player whose ultimate responsibility is to prevent the opposing team from scoring a goal. The goalie protects the goal for their team.

H.E.C.C. - The Hockey Equipment Certification Council is an independent organization responsible for the development, evaluation and testing of performance standards for protective hockey equipment. For a current listing of H.E.C.C. certified products, please refer to the H.E.C.C. website, www.hecc.net.

Hat trick - Scoring three goals in one game by a single player. A Natural Hat Trick is scoring three goals in a row without intervening goals by any other player.

High Sticking - The act of, while carrying your stick above the normal height of the shoulders, making contact with an opponent. This is always illegal. An infraction will be based on the severity of offense.

High Zone Face-off - Face-offs proscribed under these rules as taking place at the High Zone Face-off Spot shall be held on a dot approximately 18 feet down from the center red line on the imaginary line connecting the end zone face-off dots. In rinks where such a dot does not exist, referees are directed to choose a place on the floor approximately 18 feet down from the center red line to consistently take the face-off.

Holding - When you use your hands, arms or legs to grab your opponent or his or her stick to impede their progress.

Hooking - Using the blade or shaft of your stick to restrain or impede an opponent.

Ice - In inline hockey, the term "ICE" is generally interchangeable with "rink" or "surface". Generally the term "ice" is used by participants with more of an ice-hockey background.

Icing - The NCRHA does not use 'Icing' in the game. Generally icing in roller hockey refers to when the defending team deliberately shoots the puck from the zone in front of its goalie, clearly and unobstructed, to the other end of the ice past the far goal line. A face-off follows in front of the icing team's goalie.

Interference - The act of using the body to impede or interfere with the progress of an opponent who has the puck, or to prevent an opponent without the puck from being involved with the play.

Kneeing - The act of using your knee to make contact with an opponent.

League Authorities - The immediate administration of the event, usually a League Director and higher supervisory administrators within the NCRHA.

Line Change - The entire forward line and/or defensive line will be replaced at once, either during a stoppage or during actual game play, which puts players on the surface who work well together.

Line-up - The team's game roster. Starting line-up is only the names of the players who will participate in the first shift of a game.

The Michigan - Legal in the NCRHA. A goal-scoring attempt in which a player balances the puck on the blade of his/her stick and attempts to score from behind the net using a shoveling motion

Misconduct - A penalty where the offender must spend 10 minutes in the penalty box, but the offender's team does not skate shorthanded.

Neutral Zone - Not recognized in NCRHA. (In ice hockey, it is the area in the center of the ice between the two blue lines).

Obstruction - Any tactic by a player who attempts to or who restrains an opponent who is not in possession of the puck, or who physically prevents an opponent from moving freely in the direction he wishes to go. The term "obstruction" shall be used coupled with the appropriate foul (holding, hooking, interference, tripping).

Offensive Zone - The half of the rink in which a team is trying to score goals is known as its 'attacking zone' or 'offensive zone.' Conversely, one team's 'offensive zone' will be the other team's 'defensive' or 'defending zone.'

Offside - NCRHA only recognizes "offsides" during a face off. During a face-off, all players must be on their correct side of the face-off circle and may not proceed the face off in entering the opposing side of where the face-off occurs.

Overtime - An additional period of play used to break a tie; sudden death.

Penalty - Officials penalized players and their teams with a penalty when they violate certain rules, especially those involving illegal contact with an opponent.

Penalty Box - The area (separate from the players' bench area) where players must sit when guilty of certain violations.

Penalty Shot - When a player gets the puck at center, skates in alone on the opposing goalie, and attempts to score with one shot. Designed to replace a prime scoring opportunity denied to the attacking team by illegal means.

Poke Check - A quick jab or thrust to the puck or opponent's stick to knock the puck away from him/her.

Possession - (The puck must have come into the possession and control, or has been "frozen.") The last player or goalkeeper to make contact with the puck and to propel the puck in a desired direction. This does

not mean a rebound off the goalkeeper, the goal or the boards or any accidental contact with the body or equipment of an opposing player.

Power Play - When a team has more players on the surface because of a penalty (or penalties) called against the opposing team.

Puck - NCRHA games or strictly played with a puck not a ball. A hard disk made of plastic (or other approved material) that is 3 inches in diameter and 1 inch thick. The puck is a primary component of the game.

Red line - Located at the center of the rink, the red line divides the rink in half lengthwise. The two zones of the game are divided equally by this center line.

Referee - As the primary official, the referee is responsible for ensuring that both teams obey the rules of the game.

Rink - The surface upon which the game is played; commonly referred to as "the ice" by those with an ice-hockey background

Rockering - Rockering your skates means to arrange the wheel heights to approximate a curved (ice skate) blade. Normally this is done by raising the front and rear wheels slightly by flipping the frame spacers, or by lower the middle two wheels, or by doing both. Rocker provides for much more responsive turning at the cost of some stability.

Roster - a list of the players on a team

Roughing - A violation called when, in the referee's judgment, a player's actions are unnecessarily rough.

Save - When a goalie prevents an opponent's shot on goal from entering the goal either by stopping or deflecting the puck. Different types of saves are kick saves, stick saves, glove saves and pad saves.

Scramble - Several players from both sides close together battling for possession of the puck.

Shorthanded - When a team has fewer players on the surface than the opponents because of a penalty or penalties being served in the penalty box by one or more of its players.

Shorthanded Goal - When a goal is scored during the time the attacking team is below the numerical strength of its opponents.

Shot - An attempt by a player to score by striking the puck with a hockey stick toward the opponent's goal.

Slap shot - A shot in which the player raises his stick in a backswing, with his strong hand held low on the shaft and his other hand on the end as a pivot. Then as the stick comes down toward the *puck in a sweeping motion*, the player leans into the stick to put all his power behind the shot and add velocity to the puck. The puck comes off the stick with extreme speed and force, making it difficult for the opponent's goalie to block. (Similar to a drive in golf).

Slashing - Using your stick to strike or attempt to strike an opposing player.

Slewfoot - A dangerous act in which a player uses their leg as a lever to knock someone off balance from behind. It is performed by sweeping, knocking or kicking the back of the victim's lower leg or skate forward. Often, this offense simultaneously uses an arm, stick or elbow to pull the upper torso of the victim backward to aid in knocking them off their feet. Due to the fact that it occurs from behind and is often unexpected, the victim falls backward and often strikes their head or lands hard, causing injury.

Spearing - Stabbing or attempting to stab an opponent with the blade of the stick.

Stick - A major component of the equipment used to play the game; a shaft with a flat blade at the end used to propel a puck. A stick may be "lefty" or "righty".

Stick-Side - Refers to the side of the goal where the goalie keeps the blade end of his stick. Most attacking players prefer to shoot the puck at the stick-side of the net since goalies usually move their stick slower than their glove to block a shot. Also, if the puck hits the goalie's blade, it could easily bounce off and create another opportunity for another shot at close range.

Substitute Goalkeeper - A designated goalkeeper listed on the game roster who is not participating in the game.

Substitution - Occurs when a player comes off the bench to replace a player coming out of the game; can be made at any time and play does not need to stop.

Sudden-Death Overtime - When, after a tie game, an additional period of time is needed to play in order to determine a winner. The overtime will come to a complete end immediately upon any team scoring a goal.

Sweater - Also known as a jersey.

Team Management/Team Official -A member of the team who is not a player; Coach, Manager, Trainer

Time-Out - When time has already stopped, a team may request a one-minute delay before restarting the action. Each team is allowed one time out in a game, usually to discuss strategy or to halt the opposing team's momentum.

To Shoot -To strike the puck with a hockey stick toward the opponent's goal in an attempt to score.

Top-shelf -The upper part of the goal, near the cross bar.

Tripping - Using your stick, knee, foot, arm, hand or elbow to topple an opponent.

Wheel rotation - Polyurethane wheels eventually wear down, but you can often extend the life of your wheels by flipping and/or rotating your wheels amongst themselves so that you can skate on the less-worn areas of your wheels.

Wrist-Shot -The motion of shooting with the puck directly against the blade of the stick by using only the wrists in snapping the puck off the hockey stick, commonly because the player is near the opponent's goal and has no time for a slap shot.
